A Tribute To Our Pop

My amazing Pop, the world is a little less fun without you and your wild antics. To me, you were this magical and mischievous person who knew how to make everything. You were always keen for an invention or a rabbit stew. To me, you were the most interesting person in my family and where I think I inherited my adventurous spirit. As a toddler I was fascinated by your 'magic teeth' and detachable thumb. As a teen, I'd sneak cigarettes with you in your shed and swap get rich quick schemes- always creations of fake masterpieces and antiques. As an adult, I came to appreciate your life experience, all you'd seen and done across almost a century. You always made me feel valid and that you enjoy spending your time with me. You'd flash your sparkling blue eyes with this particular look and I just felt like you got me. I thought you'd be here forever. Wherever you go in this post life adventure, Nanna is there and I know that's where you most wanted to be. I am glad you can be where she is.

You will be deeply missed.

Johannes's family sincerely thank you for your support and presence here today as they say their farewells. A warm invitation is extended for you to join them for light refreshments in the Memories Room following the service and continue to honour Johannes's memory.
