

*Enjoy today with your friends and family.
Take time to create memories and moments.
Hold them for a lifetime in honour of Jimmy
and live your life full of love and joy.
Dance with music in your heart just as she did
everyday and her legacy will live on xx*

*Take the memory
you have of me
And use it as
a source of inspiration
To live fully,
meaningfully and
intentionally...*

*Take the care
you have for me
And let it remind you
To care for yourself fully
And shower yourself
with your own love*

Love
from Imogen

From the bottom of our hearts we thank YOU, for the support we have received from near and far in putting together this celebration for Imogen. We ask of you, take your pain and grief you feel and alchemise it into joy, love and gratitude ♥

Today is a celebration of a life lived to its fullest and we truly want you to eat, drink, enjoy the party and make fond memories to hold dear and carry forward.

Please make the most of the activities outside in the park as well as the food, music and balloons inside the hall.

We will have a private burial at the Milawa Cemetery directly following the service, before returning to celebrate in person with each and every one of you.

With love and gratitude today and always,

Rob, Molly, Amelie, Eloise and Oliver

Salus! 🦋♥

Immy
